

Dear Colleagues,

You are invited to join the Climate Change Working Group (CCWG 2011), third annual Energy and Climate Change Conference focused on the practical applications of social and behavioral research to achieve viable solutions to energy/climate challenges. It builds on the overwhelming success of previous CCWG conferences at which 800 participants from universities, government, corporations and organizations discussed successful policy and program strategies, shared important research findings, and created dynamic new networks and collaborations.

Conveners: Climate Change Working Group-147 Stoke Newington High St N16 0NY, London, United Kingdom. Ph/Fax: +44 844 774 5795

Call for Presentation Abstracts: The CCWG 2011 Organizing Committee requests proposals for presentations from policymakers, businesses, social scientists, researchers, media specialists, marketers, energy experts, program designers, implementers, and evaluators. We invite proposals for three types of presentations:

1. Oral Presentations (15-20 minute formal presentations and slides) 2. Lightning Talks (5-7 minute presentations - highlights of results, insights, or novel/transformational ideas) 3. Poster Presentations (informal presentations)

We are seeking well-documented, effective applications of behavioral approaches in energy/climate policies and programs; new behavioral research findings; successful programs/scale-ups; measured results; and best practices. We are also interested in thoughtful discussions of emerging policy/program issues, behavioral research methods, and selected novel/transformational ideas.

Topic Areas: Abstracts must be submitted online fewer than one of the following categories; if your topic doesn't fit easily into one of these categories (or if it fits into multiple categories) please choose the closest match.

·Climate Change and the Oceans  
·Sustainable Development, Environment, Health and Development ·Remote Sensing and Global Surveillance ·Water Resources Management ·Carbon & GHG Management ·Extreme Events and Impacts Assessment ·Greenhouse Gas & Ecosystems ·Human Health in a Changing Climate ·Agricultural and Forestry Resources Management ·Clean Energy Technology ·Low GHG Transportation  
·Education: Global Change & Sustainable Development ·Case studies.

Proposal Submission: Interested presenters should submit an abstract of less than 250 words of text summarizing the proposed presentation and a short bio (<100 words) email: [dr.julieduncan@yahoo.co.uk](mailto:dr.julieduncan@yahoo.co.uk) or fax on: +44 844 774 5795 by March 4, 2011. Submissions will be judged on relevance to conference themes, clarity of thought, data/documentary results, creativity, fit in conference program and other criteria. Deadline for notification of acceptance is by March 11 2011.

Conference Registration: All presenters are expected to register online by March 11; 2011. Registration is free of charge for delegates from developing countries. Also free flight ticket, travel insurance, visa fees and per diem to be provided for all paper presenters and participating delegates.

Important dates:

04 March 2011      Deadline for abstract submission

11 March 2011      Notification of acceptance

25 - 29 March 2011      Conference Dates

We look forward to seeing you at the symposium.

Dr. Julie Duncan

Secretary.

Climate Change Working Group
